STATE OF NEW JERSEY
DEPARTMENT OF LAW AND PUBLIC SAFETY
DIVISION OF CONSUMER AFFAIRS
STATE BOARD OF MEDICAL EXAMINERS
OAL DOCKET NO. BDSME 06303-200SN

IN THE MATTER OF THE SUSPENSION
OR REVOCATION OF THE LICENSE OF

**DAVID J. GUZIK, D.O.
LICENSE NO. MB58401**

TO PRACTICE MEDICINE AND SURGERY
IN THE STATE OF NEW JERSEY

Administrative Action

FINAL ORDER

This matter was presented to the State Board of Medical Examiners (the "Board") by the Attorney General of New Jersey by way of a seven-count Administrative Complaint filed April 7, 2005 (the "Complaint").

The Complaint alleged that Dr. Guzik repeatedly prescribed controlled dangerous substances ("CDS") to seven patients in excessive dosages and frequencies so as to deviate from the acceptable standards of medical practice. Dr. Guzik was also accused of maintaining inadequate records, conducting inadequate patient histories and initial physical examinations as well as making minimal efforts to confirm any existing pathology of the seven patients.

CERTIFIED TRUE COPY

The conduct described in the Complaint was alleged to constitute the indiscriminate prescribing of CDS in violation of N.J.S.A. 45:1-21(m), gross negligence in violation of N.J.S.A. 45:1-21(c), professional misconduct in violation of N.J.S.A. 45:1-21(e), repeated acts of negligence in violation of N.J.S.A. 45:1-21(d) and failure to comply with the provisions of any act or regulation administered by the Board in violation of N.J.S.A. 45:1-21(h).

An Answer denying the substance of the charges was filed by Respondent on April 22, 2005, and the contested case was transmitted to the Office of Administrative Law for hearing by an Administrative Law Judge ("ALJ").

With regard to his treatment of the seven patients described in the Complaint, the Board finds that Dr. Guzik engaged in repeated acts of Gross Negligence in violation of N.J.S.A. 45:1-21(c), indiscriminate prescribing of Controlled Dangerous Substances ("CDS") in violation of N.J.S.A. 45:1-21(m) and the failure to comply with the provisions of any act or regulation administered by the Board in violation of N.J.S.A. 45:1-21(h).

The Attorney General and Respondent have agreed to the following resolution of the matter. The Board has considered the matter, and finds that the entry of this Order will adequately protect the public interest, and for good cause shown,

IT IS on this 20 day of December, 2007

ORDERED:

1. Respondent, David Guzik, D.O.'s license to practice medicine and surgery in New Jersey is hereby suspended for three (3) years, the first three months of which shall be an active suspension and the remainder to be stayed and served as a period of probation. No credit for the suspension period shall be given for any period of time during which Respondent engages in

medical practice in any jurisdiction or state. The period of active suspension shall commence on January 1, 2008.

2. Upon entry of this Final Order, Respondent shall cease all prescribing of CDS. Respondent shall submit to, at his cost and expense, a focused evaluation on CDS prescribing, approved in advance by the Board's Medical Education Director and complete any course-work recommended by the focused evaluation.

3. Respondent shall submit the results of this focused evaluation, along with proof of his successful completion of any recommended course-work, to the Board's Medical Education Director. Respondent shall not prescribe CDS to any patient unless and until he has completed the focused evaluation, any recommended course-work and receives written approval from the Board.

4. Respondent shall provide appropriate releases to any and all persons who are participating in the focused evaluation and/or course-work as outlined herein as may be required in order that all reports, records and other pertinent information shall be provided to the Board in a timely manner.

5. Once Dr. Guzik receives approval to begin prescribing CDS to patients from the Board (pursuant to Paragraph 3 herein) he shall subsequently submit to the Board's Medical Education Director for review ten (10) randomly selected medical charts in which he has prescribed Schedule II or III CDS to a patient pursuant to the following schedule: (a.) during the first twelve (12) months, ten (10) charts every two (2) months; (b.) during the 2nd twelve (12) months, ten (10) charts every three (3) months; and (c.) during the final twelve (12) months, ten (10) charts every four (4) months.

6. Respondent is assessed an aggregate civil penalty of \$10,000 for the offenses set forth in Counts 1 through 7 in the Complaint pursuant to N.J.S.A. 45:1-25. Respondent shall reimburse the Board for its investigation costs and attorneys fees totaling \$45,167.03, pursuant to N.J.S.A. 45:1-25(d).

7. Dr. Guzik shall pay the total amount of penalties, costs and fees in the amount of \$45,167.03 to the Board within 10 days of his receipt of a filed copy of this Order. Said payment shall be via certified check or money order made payable to the Treasurer, State of New Jersey and forwarded to William Roeder, Executive Director, New Jersey State Board of Medical Examiners, 140 East Front Street, P.O. Box 183, Trenton, New Jersey 08625-0183. The Board reserves the right to file a Certificate of Debt in the event payment is not submitted within 10 days of Respondent's receipt of a filed copy of this Order.

8. The entry of this Order shall not limit the authority of the Attorney General of New Jersey or any other person or agency to initiate any further action permitted by law, whether administrative, civil or criminal, in any court or other forum of competent jurisdiction in connection with any matters coming within that jurisdiction.

9. It is intended by the parties that this Order shall resolve all administrative and license issues with Respondent, which were specifically alleged as violations by the Attorney General in the Complaint.

10. Dr. Guzik shall comply with the "Directives" attached hereto as Exhibit A which are

incorporated herein by reference.

EXHIBIT A

DIRECTIVES APPLICABLE TO ANY MEDICAL BOARD LICENSEE WHO IS DISCIPLINED OR WHOSE SURRENDER OF LICENSURE HAS BEEN ACCEPTED

APPROVED BY THE BOARD ON MAY 10, 2000

All licensees who are the subject of a disciplinary order of the Board are required to provide the information required on the Addendum to these Directives. The information provided will be maintained separately and will not be part of the public document filed with the Board. Failure to provide the information required may result in further disciplinary action for failing to cooperate with the Board, as required by N.J.A.C. 13:45C-1 et seq. Paragraphs 1 through 4 below shall apply when a license is suspended or revoked or permanently surrendered, with or without prejudice. Paragraph 5 applies to licensees who are the subject of an order which, while permitting continued practice, contains a probation or monitoring requirement.

1. Document Return and Agency Notification

The licensee shall promptly forward to the Board office at Post Office Box 183, 140 East Front Street, 2nd floor, Trenton, New Jersey 08625-0183, the original license, current biennial registration and, if applicable, the original CDS registration. In addition, if the licensee holds a Drug Enforcement Agency (DEA) registration, he or she shall promptly advise the DEA of the licensure action. (With respect to suspensions of a finite term, at the conclusion of the term, the licensee may contact the Board office for the return of the documents previously surrendered to the Board. In addition, at the conclusion of the term, the licensee should contact the DEA to advise of the resumption of practice and to ascertain the impact of that change upon his/her DEA registration.)

2. Practice Cessation

The licensee shall cease and desist from engaging in the practice of medicine in this State. This prohibition not only bars a licensee from rendering professional services, but also from providing an opinion as to professional practice or its application, or representing him/herself as being eligible to practice. (Although the licensee need not affirmatively advise patients or others of the revocation, suspension or surrender, the licensee must truthfully disclose his/her licensure status in response to inquiry.) The disciplined licensee is also prohibited from occupying, sharing or using office space in which another licensee provides health care services. The disciplined licensee may contract for, accept payment from another licensee for or rent at fair market value office premises and/or equipment. In no case may the disciplined licensee authorize, allow or condone the use of his/her provider number by any health care practice or any other licensee or health care provider. (In situations where the licensee has been suspended

for less than one year, the licensee may accept payment from another professional who is using his/her office during the period that the licensee is suspended, for the payment of salaries for office staff employed at the time of the Board action.) A licensee whose license has been revoked, suspended for one (1) year or more or permanently surrendered must remove signs and take affirmative action to stop advertisements by which his/her eligibility to practice is represented. The licensee must also take steps to remove his/her name from professional listings, telephone directories, professional stationery, or billings. If the licensee's name is utilized in a group practice title, it shall be deleted. Prescription pads bearing the licensee's name shall be destroyed. A destruction report form obtained from the Office of Drug Control (973-504-6558) must be filed. If no other licensee is providing services at the location, all medications must be removed and returned to the manufacturer, if possible, destroyed or safeguarded. (In situations where a license has been suspended for less than one year, prescription pads and medications need not be destroyed but must be secured in a locked place for safekeeping.)

3. Practice Income Prohibitions/Divestiture of Equity Interest in Professional Service Corporations and Limited Liability Companies

A licensee shall not charge, receive or share in any fee for professional services rendered by him/herself or others while barred from engaging in the professional practice. The licensee may be compensated for the reasonable value of services lawfully rendered and disbursements incurred on a patient's behalf prior to the effective date of the Board action.

A licensee who is a shareholder in a professional service corporation organized to engage in the professional practice, whose license is revoked, surrendered or suspended for a term of one (1) year or more shall be deemed to be disqualified from the practice within the meaning of the Professional Service Corporation Act. (N.J.S.A. 14A:17-11). A disqualified licensee shall divest him/herself of all financial interest in the professional service corporation pursuant to N.J.S.A. 14A:17-13(c). A licensee who is a member of a limited liability company organized pursuant to N.J.S.A. 42:1-44, shall divest him/herself of all financial interest. Such divestiture shall occur within 90 days following the entry of the Order rendering the licensee disqualified to participate in the applicable form of ownership. Upon divestiture, a licensee shall forward to the Board a copy of documentation forwarded to the Secretary of State, Commercial Reporting Division, demonstrating that the interest has been terminated. If the licensee is the sole shareholder in a professional service corporation, the corporation must be dissolved within 90 days of the licensee's disqualification.

4. Medical Records

If, as a result of the Board's action, a practice is closed or transferred to another location, the licensee shall ensure that during the three (3) month period following the

effective date of the disciplinary order, a message will be delivered to patients calling the former office premises, advising where records may be obtained. The message should inform patients of the names and telephone numbers of the licensee (or his/her attorney) assuming custody of the records. The same information shall also be disseminated by means of a notice to be published at least once per month for three (3) months in a newspaper of general circulation in the geographic vicinity in which the practice was conducted. At the end of the three month period, the licensee shall file with the Board the name and telephone number of the contact person who will have access to medical records of former patients. Any change in that individual or his/her telephone number shall be promptly reported to the Board. When a patient or his/her representative requests a copy of his/her medical record or asks that record be forwarded to another health care provider, the licensee shall promptly provide the record without charge to the patient.

5. Probation/Monitoring Conditions

With respect to any licensee who is the subject of any Order imposing a probation or monitoring requirement or a stay of an active suspension, in whole or in part, which is conditioned upon compliance with a probation or monitoring requirement, the licensee shall fully cooperate with the Board and its designated representatives, including the Enforcement Bureau of the Division of Consumer Affairs, in ongoing monitoring of the licensee's status and practice. Such monitoring shall be at the expense of the disciplined practitioner.

(a) Monitoring of practice conditions may include, but is not limited to, inspection of the professional premises and equipment, and inspection and copying of patient records (confidentiality of patient identity shall be protected by the Board) to verify compliance with the Board Order and accepted standards of practice.

(b) Monitoring of status conditions for an impaired practitioner may include, but is not limited to, practitioner cooperation in providing releases permitting unrestricted access to records and other information to the extent permitted by law from any treatment facility, other treating practitioner, support group or other individual/facility involved in the education, treatment, monitoring or oversight of the practitioner, or maintained by a rehabilitation program for impaired practitioners. If bodily substance monitoring has been ordered, the practitioner shall fully cooperate by responding to a demand for breath, blood, urine or other sample in a timely manner and providing the designated sample.

**NOTICE OF REPORTING PRACTICES OF BOARD
REGARDING DISCIPLINARY ACTIONS**

Pursuant to N.J.S.A. 52:14B-3(3), all orders of the New Jersey State Board of Medical Examiners are available for public inspection. Should any inquiry be made concerning the status of a licensee, the inquirer will be informed of the existence of the order and a copy will be provided if requested. All evidentiary hearings, proceedings on motions or other applications which are conducted as public hearings and the record, including the transcript and documents marked in evidence, are available for public inspection, upon request.

Pursuant to 45 CFR Subtitle A 60.8, the Board is obligated to report to the National Practitioners Data Bank any action relating to a physician which is based on reasons relating to professional competence or professional conduct:

- (1) Which revokes or suspends (or otherwise restricts) a license,
- (2) Which censures, reprimands or places on probation,
- (3) Under which a license is surrendered.

Pursuant to 45 CFR Section 61.7, the Board is obligated to report to the Healthcare Integrity and Protection (HIP) Data Bank, any formal or official actions, such as revocation or suspension of a license (and the length of any such suspension), reprimand, censure or probation or any other loss of license or the right to apply for, or renew, a license of the provider, supplier, or practitioner, whether by operation of law, voluntary surrender, non-renewability, or otherwise, or any other negative action or finding by such Federal or State agency that is publicly available information.

Pursuant to N.J.S.A. 45:9-19.13, if the Board refuses to issue, suspends, revokes or otherwise places conditions on a license or permit, it is obligated to notify each licensed health care facility and health maintenance organization with which a licensee is affiliated and every other board licensee in this state with whom he or she is directly associated in private medical practice.

In accordance with an agreement with the Federation of State Medical Boards of the United States, a list of all disciplinary orders are provided to that organization on a monthly basis.

Within the month following entry of an order, a summary of the order will appear on the public agenda for the next monthly Board meeting and is forwarded to those members of the public requesting a copy. In addition, the same summary will appear in the minutes of that Board meeting, which are also made available to those requesting a copy.

Within the month following entry of an order, a summary of the order will appear in a Monthly Disciplinary Action Listing which is made available to those members of the public requesting a copy.

On a periodic basis the Board disseminates to its licensees a newsletter which includes a brief description of all of the orders entered by the Board.

From time to time, the Press Office of the Division of Consumer Affairs may issue releases including the summaries of the content of public orders.

Nothing herein is intended in any way to limit the Board, the Division or the Attorney General from disclosing any public document.
